

METAL FORMING

incorporating THE DROP FORGER

Index to volume 34

January to December 1967

ARTICLES

- Annealing on the properties of large forgings, the effect of prolonged 45
- B.N.F.M.R.A. open days 108
- Cameron Iron Works Ltd. 199
- Carmel Forge - Drop forging in Israel, The .. 16
- Clarke's Crank and Forge Co. Ltd. 367
- Cold Extrusion Group - Institute of Sheet Metal Engineering 168
- Considerations in planning and layout of a new forge 341
- Developments in the control conversion and equipping of forging plants 279
- Die blocks, modern manufacture of 299, 276
- Die forging press with a new drive, a 194
- Drop forging 19, 37
- Effect of prolonged annealing on the properties of large forgings 45
- Electricity - Heating in the drop forge 49
- Electron - beam weld tube mill 374
- Engineering Exhibition, the International 114
- Explosive forming 307
- Extrusion of aluminium tubes and sections... 78
- Extrusion presses, speed measurement and regulation on hydraulic rod and tube 296
- Fatigue life of a forged En 8 steel 376
- Forging Conference, International, Sheffield 261, 328
- Forging on a multiple-ram press 199
- Forging plant, performance characteristics of 362
- Forging plants, developments in the control, conversion and equipping of 279
- Forging press with a new drive, a die 194
- Forgings, progress in the manufacture of large 131, 169
- Furnace in the forge - Heating in the drop forge 140
- Furnace refractories - Heating in the drop forge 110

Heating in the drop forge	9, 49, 69, 85, 110	Scale-free heating in a protective medium of glass	75
Heating of steel for hot working	140, 179, 215	Scales on iron-base alloys - Heating in the drop forge	69
Hydraulics of metal forging, the	137	Speed measurement and regulation on hydraulic rod and tube extrusion presses	296
Hytex drop hammer boards	18	Stock control and forecasting techniques at drop forging firm	163
 'Kross Roll' process, the	106	 Theoretical method of designing tools for metal-forming processes	143
 Laird and Son Ltd.	163	Three-roll piercer	82
 Machine Tool Exhibition, 10th European, Maastricht	239	Transverse rolling solves many problems	99
Materials science in technology and education, the role of	371	 Wecker twin-hammer forging machine, precision forging on	165
Mechanical properties and inhomogeneity of large forgings	3	 LEADERS	
Mechanized forging on 2,000-ton press	243	Cold-forming on TV	227
'Metalliding'	315	Forgemasters in Sheffield	97
Modern manufacture of die blocks for the metal-forming industries	229, 276	Lightmakers, the	325
 Oil-Heating in the drop forge	9	Look at 1967, a	129
 Performance characteristics of forging plant	362	Look at Russia, a	361
Precession swaging on a Wecker twin-hammer forging machine	165	Make it new	159
Programmed forging press	367	Non-destructive testing	193
Progress in the manufacture of large forgings	131, 169	North Sea gas	67
 Ransomes' new Nacton Works	304	Plant manufacture, 1967	1
Rapid heating of steel for hot working	161, 205, 246	Sing a song of steel	35
Reducing shock and vibration	304	Spray steelmaking	259
		Welcome to Sheffield	
		 NADFS	
		Annual convention, 1967	212
		50th anniversary	326
		Heating in the drop forge	9, 49, 69, 85, 110 140, 179, 215
		 NFA	
		International Forging Conference, Sheffield	261, 328

AUTHOR INDEX

Abbot, K. J.	19, 37	Needham, G.	376
Bayliss, R. N.	229, 276	Otter, T. H.	341
Black, J.	279	Perry, J.	161, 205, 246
Blake, R. A.	9	Rau, G.	194
Blazynski, T. Z.	143	Rolls, R.	69
Boxall, T. D.	161, 205, 246	Ross, K.	78, 279
Chisholm, C. U.	371	Schneider, R.	296
Dean, T. A.	362	Sharples, J. T.	49
Egan, P. F.	99	Sommer, B.	75
Etchells, W. K.	140	Sully, A. H.	131, 169
Hall, E. H.	78	Ticky, J.	45
Harvey, R. F.	106	Wilcock, R.	9, 161, 205, 246
Haslam, G. H.	376	Willingham, R. C.	161, 205, 246
King, G. R.	307	Winter, E. F.	161, 205, 246
Lickley, R.	110	Zlatnik, I.	3
		Zlatnikova, J.	3
